Message From the President – Brendan Baldonado, NW1S

Hello BARC and happy February. Hopefully everyone is finally shoveled out and ready for the next winter weather storm. The club had to pivot due to the temperatures and expected snowfall for our Winter Field Day event. A good reminder of how lucky we have been in the past to have such favorable weather during that weekend. The pivot was to an old stomping ground for BARC at the Bare Cove fire museum, a place BARC has done Field Day day in the past. The location is convenient, available, heated and a nice location to have an event at. It changed the weekend some, certainly less visitors and not the weeklong hang out were used to but a great time overall. This month we continue with our Ham Radio Basics and have Mel Granick, KS2G talking about HF Basics.

Minutes of the January, 2026, General Meeting – Joe Chapman, NV1W

A General Meeting of the Boston Amateur Radio Club was held on Thursday, January 15, 2026, at the Artisans Asylum in Allston and simultaneously on the Zoom teleconferencing platform. Members attending: AC1JL, AC1RV, AC1UT, K1SU, KB1EKN, KB1ISG, KC2PSC, KE1L, N1PNG, N1QD, NV1W, NW1S, W1MJ, W1PAC. Guests: KC1WRM, KC1YSD, W8FMS, WC1U. The meeting was called to order by President Brendan Baldonado, NW1S, at 7:30 p.m.

Officer reports:

- President (NW1S): Not much, waiting on Artisans Asylum for cost figures for adding new Advanced Members.
- Vice President (N1QD): Nothing official.
- Secretary (NV1W): So far we have 91 renewals for 2026, with 50 to go.
- Treasurer (KB1EKN): The checking account has \$10,334. The repeater fund has \$1925. We have a balance of \$2266 in the PayPal account. The A2 account has \$10,932, and is paid through December 2025. Recent payments include \$490 to NV1W for the membership mailing and Post Office box, \$247 for the Holiday Party, and we owe \$170 to N1QD for the new 40 meter dipole. The club is in very healthy financial shape, better than ever.

Old business:

- **A motion to transfer \$500 from the checking account to the repeater fund was made, seconded, and passed unanimously.**
- Brendan, NW1S, noted that we need to ask an electrician about grounding our antennas at A2. Shirley, KE1L, said that we really ought to have a VHF/UHF antenna as well with Mark, KB1EKN, concurring.

New business:

- Winter Field Day: Scott, K1SU, gave a presentation on our plans for this event.
- **A motion to fund up to \$200 for heating wood for Winter Field Day was made, seconded, and passed unanimously.** Mark, KB1EKN, noted that this is a one-time expenditure based on the financial health of the club, and that participants should not depend on having wood funded in future years.

The meeting was adjourned at 8:49 p.m.

— *Respectfully submitted, Joseph Chapman, NV1W, Secretary.*

BARC's New Discord Server! – Patrick Mannion, W1PAC

Hello All! 🙌

🤖 Guess what! 🧑

🗣️ BARC has its own Discord server!

🗣️ What is Discord you might ask? It's a chat program that allows instant messaging, voice and video calls. The server is broken up in various chat rooms and we have a lot, however, the general chatroom is called #general and after that it branches off into various other chat rooms for more specialized content such as ones for POTA, ARES and various digital modes.

If you want to join, you can use it right in your favorite browser or use the Discord software, it's available for desktop on all 3 major operating systems such as Windows, Mac and various Linux distributions. It's also available for iOS and Android phones.

Just go to <https://discord.com/download> and download it.

To get to our server you'll need an invite link which is: <https://discord.gg/F6hqmgFMjW>

We've set it to never expire, but if it accidentally does, just let us know in the groups.io and we'll generate a new one.

Hope to see you on there!

BARC's Online Discussion Group – Joe Harris, N1QD

New Course from HamRadioPrep – Joe Chapman, NV1W

Our friends at HamRadioPrep have just announced a new course: *HF Masterclass*. Unlike their licensing courses, this one aims to lead someone with a General or an Amateur Extra license from the first steps of buying a radio and assembling a station through becoming a competent operator on the HF bands. You can read more about it at <https://hamradioprep.com/hf-masterclass/>.

As with all of HamRadioPrep's courses, you can use the coupon code **bostonarc** to receive a 20% discount. BARC also receives a commission for every sale that uses our coupon code, so you help the club as well.
